EMS AFRICA TAKES SONIFEX AWARD

SOUTH AFRICA: Johannesburg-based EMS Africa has been named best export distributor by Sonifex as part of the distributor of the year awards made at the recent IBC exhibition. 'Our sales of Sonifex equipment are mostly for logging equipment into the installed sound and A/V market, although we have some excellent ties with SABC where we've been selling the Sonifex mixers and Redboxes,' said Dennis Feldman, managing director of EMS Africa.

'Although I was quite surprised when told that we are the export distributor of the year, in hindsight sales have been steadily improving for Sonifex over the last three years, so I'm delighted.'
